Happy 51st Annual Municipal Clerks Week May 3-9, 2020!

In these strange times I hope that this note finds you all well. Remember to reach out to each other and check in, even if it’s just to say hello, how ya doin’?

Look what WAMCAT and Casper College have on deck for Fall Institute 2020:

With the cancelation of...everything this spring we are really looking forward to an extended Fall Institute that is slated to include an Athenian Dialogue and some of the classes that were scheduled for the Spring Institute. Hang in there WAMCAT!

Have you attended a training, conference or event with a great speaker? Pass that information along to info@wamcat.org!

SCHOLARSHIP OPPORTUNITY:

There are still scholarship monies available for WAMCAT Institutes, IIMC, APT US&C Conventions and other events! Go to the WAMCAT website www.wamcat.org under Certification & Training for more information on deadlines and requirements.

FIT TIP: Don’t sweat the small stuff…and it’s all small stuff.

Filing for office begins Thursday May 14, 2020 and runs through Friday May 29, 2020. Election information is available at https://sos.wyo.gov/Elections/Default.aspx. Some municipalities have developed a “Candidate’s Guide” specific to their municipality to integrate with information from the Wyoming Secretary of State’s Office as a tool to ensure each candidate has updated information for the office they seek as well as the expectations and responsibilities of Mayors and Councilmembers.

Tune in to the Special Session of the Wyoming 65th Legislature May 15 and 16th, 2020 www.wyoleg.gov. At the bottom left side of the page click “Legislative Meetings”, then choose the “Details” of either the House or Senate check it out.

As we move closer to the end of the fiscal year WAM has provided the annual Budget Preparation Handbook for reference. The handbook includes statutes for budget timelines, publications and reporting, along with estimates for FY 2021 revenues from state sources. Happy budgeting!

Be sure to subscribe to eblasts at www.wamcat.org and like the WAMCAT Facebook page for training opportunities through IIMC and other sources. Some of the webinars are free and all of them have credit available toward CMC and/or MMC certifications, plus a whole bunch of exciting news and information!

Stay tuned for statute changes effective July 1, 2020!
